

Bean's Ball

Join Storm the Heavens at the 1st Annual Bean's Ball

to put an end to DIPG
(Diffuse Intrinsic Pontine Gliomas)

Thursday, March 15, 2018

7pm at Vie
600 N. Broad Street
Philadelphia, PA 19130

In July 2017, Philomena "Bean" Stendardo was called home to our Lord after a valiant fight against DIPG, the deadliest form of cancer in existence. During Phil's courageous journey she reached millions of people and taught them to bring their faith to the forefront and pray for a miracle. She influenced celebrities, school communities and neighborhoods to ban together in prayer for her cause.

DIPG has a 0% survival rate with a median survival of just 9 months from diagnosis. It effects the pons portion of the brainstem, rendering nervous system function impossible. DIPG is the leading cause of brain tumor-related death in children. Despite these grim statistics, pediatric cancer research gets very little funding when compared to adults. Of the only 4% of the federal budget that goes to pediatric cancer, DIPG gets almost nothing compared to other childhood cancers such as leukemia. The American Cancer Society donates \$0.01 of every dollar collected to pediatric cancer—that is just \$0.01 for ALL types of pediatric cancer s-virtually nothing goes to DIPG.

Bean's Ball will be the premier fundraiser for DIPG in the Greater Philadelphia Region with EVERY penny raised going directly into research and funding a cure for this uniformly fatal disease. As a sponsor, your business has the opportunity to make a difference—to fight like Phil until a cure is found!

*Justice will not be served until those who are unaffected are
as outraged as those who are. -Ben Franklin*
